

2019

# SYMPOSIUM

## Research and Practice from Australia's Fast Growing Outer Suburbs

**When:** Thursday 4 July 2019  
10am-3:30pm (registration from 9:30am)

**Where:** Function Room 1, Wyndham City Council,  
45 Princes Hwy Werribee, Victoria

The National Growth Areas Alliance Symposium brings together leading thinking from Adelaide, Melbourne, Sydney and Perth growth area councils on:

- Building liveable and resilient communities
- Innovative planning, financing and governance

**Keynote speaker: Andrew Jackson, Director of the Western Sydney Planning Partnership.**

**The Western Sydney Planning Partnership is a key component of the Western Sydney City Deal.**

Case studies and presentations include:

- Adapting our homes and suburbs to changing climate – Mt Barker Council, Blacktown City Council
- How the built environment and social infrastructure can support good health – Penrith City Council
- New approaches with data analytic tools, spatial analysis and 3D development activity modelling – Penrith City Council, Wyndham City Council
- Planning active playing spaces – Perth growth councils
- Lessons in place-based planning – City of Casey
- Maximising resources with street tree and public open space spatial data capture – City of Kwinana
- A strengths-based approach to creativity and youth services in the outer suburbs – City of Playford

The NGAA is an alliance of Councils from across Australia's fast growing outer suburbs, with a shared vision of building resilient, liveable and productive communities.

Held in conjunction with the VLGA Building Communities Symposium at Wyndham City Council, 5 July. Keynote address from Victorian Planning Authority. Book for VLGA Symposium <http://bit.ly/community-symposium>
